Internal Quality Assurance Cell (IQAC) Report

January to May, 2026 (Even Semester)

1. Introduction

The Internal Quality Assurance Cell (IQAC) of MGM College continues to function as a vibrant and proactive mechanism dedicated to fostering a culture of quality, accountability, and excellence in all dimensions of institutional functioning. Constituted in accordance with the guidelines of the National Assessment and Accreditation Council (NAAC), the IQAC serves as the driving force behind the institution's continuous efforts toward academic advancement, administrative efficiency, and holistic development. The IQAC plays a significant role in planning, coordinating, guiding, and monitoring quality assurance and quality enhancement initiatives within the institution. As a nodal agency for quality sustenance, it ensures the systematic implementation of innovative practices, promotes excellence in teaching-learning processes, and encourages a learner-centric educational environment. Through regular review mechanisms and collaborative engagement with various stakeholders, the IQAC strives to strengthen institutional performance and maintain standards of higher education.

During the reporting period from 5 February to 30 May, the IQAC undertook a wide range of academic, co-curricular, and quality-oriented initiatives aimed at enriching the institutional ecosystem and promoting academic excellence. Several seminars, workshops, guest lectures, awareness programmes, and faculty development initiatives were organized to enhance professional competence, intellectual growth, and research orientation among faculty members and students. The IQAC also actively facilitated quality monitoring and institutional documentation through periodic meetings, maintenance of departmental records, collection and analysis of stakeholder feedback, and coordination of various academic and administrative activities aligned with the vision and mission of the institution. Emphasis was given to strengthening best practices, promoting participative management, and ensuring transparency

and accountability in institutional functioning. In addition, the IQAC encouraged departments and committees to undertake innovative and student-centric activities that contribute to holistic education, skill development, value-based learning, and community engagement. Continuous efforts were made to create awareness regarding quality benchmarks, accreditation requirements, and institutional responsibilities among faculty members, students, and staff.

The activities carried out during this period reflect the institution's unwavering commitment to quality enhancement, academic integrity, and institutional excellence. The IQAC remains dedicated to sustaining and strengthening a culture of continuous improvement and innovation in order to meet the evolving challenges and expectations of higher education.

2. Activities Undertaken

During the reporting period from 5 February to 30 May, the Internal Quality Assurance Cell (IQAC) of MGM College actively coordinated, monitored, and facilitated a wide spectrum of academic, co-curricular, and quality enhancement initiatives aimed at strengthening the teaching-learning process and fostering overall institutional excellence. These activities, organized by various departments of the college, were thoughtfully designed to promote academic enrichment, professional competency, skill development, research orientation, and the holistic growth of both students and faculty members. Through these sustained efforts, the IQAC continued to reinforce the institution's commitment to quality education, innovation, and continuous institutional advancement.
