Internal Quality Assurance Cell (IQAC) Report
June to November, 2026 (Odd Semester)

1. Introduction

The Internal Quality Assurance Cell (IQAC) of MGM College stands as the cornerstone of the institution's commitment to continuous quality enhancement, academic excellence, institutional accountability, and holistic development. Established in accordance with the guidelines of the National Assessment and Accreditation Council (NAAC), the IQAC plays a pivotal role in shaping the institution's quality-driven vision, strengthening academic practices, promoting innovation, and ensuring excellence in every sphere of institutional functioning. During the reporting period from **June to November 2026**, the IQAC pursued a proactive and result-oriented approach towards strengthening the academic and institutional framework of the college. A series of purposeful initiatives, including seminars, workshops, guest lectures, awareness programmes, faculty development activities, student-centred programmes, and community-oriented engagements, were undertaken to enrich the teaching-learning environment and foster intellectual, professional, and personal growth.

Beyond organising activities, the IQAC has consistently emphasised meaningful outcomes, active participation, quality sustenance, and the continuous improvement of institutional practices. Special attention was given to enhancing the professional competence of faculty members, nurturing research aptitude, encouraging student leadership, strengthening institutional values, and promoting a culture of discipline, innovation, and social responsibility. The activities and initiatives documented in this report demonstrate MGM College's sustained commitment to quality assurance, academic integrity, inclusive education, and institutional advancement. Through collective efforts, strategic planning, and the active involvement of the management, administration, faculty, staff, and students, the IQAC continues to move the institution forward with a clear vision of excellence and a firm commitment to continuous improvement.

4.1 Analysis of examination results

The overall pass percentage of the regular Semester VI batch stands at **65%**, indicating considerable scope for improvement in academic performance and student achievement. The IQAC views this result as an important indicator for critical academic evaluation and institutional intervention. Rather than treating the outcome merely as an examination result, the institution recognises the need to identify the underlying factors contributing to students' academic performance and address them through systematic and sustained efforts. In this regard, the IQAC will work in close coordination with the respective Heads of Departments and faculty members to undertake a comprehensive review of departmental results, identify students' learning gaps, and strengthen academic monitoring mechanisms. Particular emphasis will be placed on targeted remedial coaching, individual mentoring, regular assessment, attendance monitoring, doubt-clearing sessions, and continuous academic guidance.

The IQAC is firmly committed to translating the findings of this analysis into concrete and measurable academic interventions. Improving the pass percentage, reducing academic underperformance, and ensuring better learning outcomes will remain key institutional priorities**.** Through collective responsibility, sustained monitoring, and timely corrective measures, MGM College is determined to achieve significant improvement in students' academic performance in the forthcoming semesters.

8. IQAC Future Plans / Way Forward

The Internal Quality Assurance Cell (IQAC) of MGM College is resolutely committed to advancing the institution towards higher standards of academic excellence, institutional effectiveness, and sustainable development. Building upon the initiatives and experiences of the current reporting period, the IQAC envisions a more dynamic, systematic, and outcome-oriented approach to quality enhancement in the forthcoming academic session. The focus will extend beyond organising academic activities to ensuring their effectiveness, measurable outcomes, and long-term institutional impact. Through strategic planning, continuous monitoring, collaborative engagement, and timely evaluation, the IQAC will strive to strengthen every dimension of institutional functioning.

The forthcoming initiatives will prioritise the enhancement of teaching-learning practices, improvement of students' academic performance, faculty development, research and innovation, digital integration, student progression, community engagement, and institutional documentation in alignment with NAAC quality benchmarks. With the

active cooperation of the Management, Principal, Heads of Departments, faculty members, administrative staff, and students, the IQAC aims to transform its quality objectives into concrete institutional achievements. The ultimate vision is to establish MGM College as a quality-driven, academically vibrant, student-centred, and socially responsive institution where excellence is not merely an aspiration but a continuous institutional practice.

1. **Academic Excellence and Improved Student Outcomes:** To strengthen the academic performance of students through systematic remedial teaching, focused mentoring, regular internal assessments, continuous academic monitoring, and timely corrective interventions. Special emphasis will be placed on academically challenging subjects and departments, with the clear objective of improving overall pass percentages and ensuring better learning outcomes.
2. **Faculty Development and Professional Excellence:** To organise structured Faculty Development Programmes (FDPs), workshops, and capacity-building initiatives aimed at strengthening pedagogical skills, research methodologies, digital competencies, innovative teaching practices, and the overall professional competence of faculty members.
3. **Career Development, Placement and Employability:** To establish stronger career guidance and placement mechanisms through dedicated campus recruitment drives, career counselling, skill-development programmes, and meaningful collaborations with industries and potential employers, thereby enhancing students' employability and career prospects.
4. **Strengthening Institutional Clubs, Cells and Committees:** To revitalise and empower all institutional clubs, cells, and committees by ensuring active participation, effective leadership, proper planning, and measurable outcomes. Greater emphasis will be placed on student leadership, creativity, discipline, social responsibility, and the holistic development of students beyond the classroom.
5. **Promotion of Research, Innovation and Academic Collaboration:** To organise national-level seminars, conferences, symposiums, and academic deliberations that provide platforms for intellectual exchange, interdisciplinary learning, research collaboration, and the dissemination of knowledge. These initiatives will encourage faculty members and students to engage in meaningful research and contribute towards addressing contemporary challenges and the betterment of society.

10. Conclusion & Acknowledgements

The Internal Quality Assurance Cell (IQAC) of MGM College places on record its profound gratitude to the College Management, Administrator, Principal, faculty members, non-teaching staff, and students for their unwavering support, commitment, and active cooperation throughout the Odd Semester. The achievements, initiatives, and quality-enhancement measures undertaken during the semester stand as a testament to our collective dedication, teamwork, and shared vision of institutional excellence. The progress made would not have been possible without the wholehearted contribution and cooperation of every stakeholder.

Moving forward, the IQAC reaffirms its commitment to strengthening academic standards, promoting a culture of research and innovation, enhancing institutional effectiveness, and pursuing continuous quality improvement. Together, we shall strive to take MGM College to greater heights of academic excellence, accountability, and institutional distinction. Quality is not merely a goal; it is a continuous commitment and a collective responsibility.
