

## COLLEGE ANTHEM

### *Lighten to Light*

*Let us lighten to light  
For there is nothing better than light  
Here, we stand together in unity.  
Brothers and sisters of MGM College  
For the foundation of our land  
Let us rise up high  
For it is a brand new day  
To rebuild what you truly want  
Here, we hail the Gregorian's family*

*Let us lighten to light  
With courage high and hearts aflame  
To light, the face of our bravest youth  
We'll stand together in spirit  
For a better and a brighter world  
Let us rise with faith  
For our hearts and aims are one  
To lead a life of honesty.  
For, here we hail the Gregorian's family.*

## EDITORIAL NOTE

Dear Readers,

We present this Magazine “Gregorian” to you, which serves as an attempt not only to record the events that have taken place during the Annual year, but also to highlight the achievements of every Gregorian. We are proud to say that MGM College Annual Magazine is an outcome of hard work of credential people. Our team of editors, designers, photographers and correspondents, in addition to generating creative content from the student population, worked extensively to report on events in and around the college. This magazine reflects and encompasses the diversity inherent to the academic and co-curricular spaces in the college.

The Editorial Board would like to say “A Big Thank You” to all the people who have put their meritorious and sincere efforts, for their hard work has definitely paid off. We would also like to place on record our sincere “Thank you” to Fr. Shibu Varghese (Principal), Mrs. Durga Malakar (Vice Principal) and the faculties of the college.

The team hopes that you enjoy reading our very first Magazine “Gregorian”.

Happy Reading.

## MESSAGE

*My heartiest congratulations to M.G.M. College, Dimapur for bringing out its first issue of college magazine 'Gregorian'. The publication of first College Magazine will be a welcome achievement and it provides a platform for the students to express their thoughts, innovative and unique ideas and also helps to bring out the hidden talents in the students. I am sure this magazine would be instrumental to develop the writing skills of students, which is now recognized as an important attribute of highly successful students.*

*The progress of any educational institution is not only measured by its successful graduates, but also how many of them have become the source of strength to the society. Our empowered graduates should not be self-centered but they should be socially oriented.*

*I wish the magazine and the institute all success.*

## BISHOP'S MESSAGE

It gives me immense joy to pen this felicitation message on the occasion of the publication of 'Gregorian'.

MGM College Dimapur is the 3rd College and the 30th educational institution under MGM Group of institutions. MGM Group has become a centre of excellence in the field of education in Central and Eastern parts of the country. Our focus is also on nurturing our students to be best citizens of this nation who will always uphold universal human values.

Today, every one claims to do his own thing, yet, peer and group influence is so great that we almost slavishly conform to the group mores and fashion. The student today, as an individual, is a real person with feelings of self respect, sensitivity, responsibility and compassion, but in a group situation the individuality and the inherent traits may be submerged. Let us recognise, appreciate and applaud and foster those group activities which are directed to helping others in a real way when tangible gifts are taken to people in homes and when entertainment is taken to the needy and the lonely. May our students and our College always show concern and respect for others. May we recognise their problems and 'give and serve'. In this way we will achieve a holistic development.

May God Almighty bestow His abundant blessings upon the Principal, Staff, Students and Management!!!

**Dr. Joseph Mar Dionysius**  
**Metropolitan**  
**Chairman**

## FROM THE DESK OF PRINCIPAL

*I am privileged to write this message for the college magazine 'Gregorian'. M.G.M. College is the long cherished dream of St. Thomas Mission Society and MGOS Church. This college is established as an educational project under the Diamond Jubilee celebration (60th birthday) of H.G. Dr. Joseph Mar Dionysius, Metropolitan of Calcutta Diocese and North East States. Nevertheless it is our further step to higher education in the land of festivals.*

*We are giving utmost priority to the holistic development of a student to make them better citizens of tomorrow. Definitely progress is meant by the outcome of the students and the professional development of faculty members. This is the first college magazine, "First Born Child" and very close to our heart.*

*The first batch will be remembered forever as they are the first born of M.G.M. College. I am hopeful and confident that in the coming years M.G.M. College will be one of the named institution of the city. We have hardworking and dynamic faculty members, strong management and well-wishers to supports us.*

*We have a batch of 45 students. All of whom are blessed with unique qualities. We offer our students with strong core academic programs as well as outstanding elective programs. We offers both Honours & General courses. In addition we have student's welfare council, different clubs such as arts, Literature, Peace, Anti-Tobacco etc. that gives the students new avenues to work beyond the syllabus.*

*I thank and congratulate the editorial for your good effort to publish our first issue of "Gregorian"*

*I wish and pray for success to everyone and believe that this effort will serve as stepping stone towards excellence.*

**Fr. Shibu Varghese**  
**Principal**  
**M.G.M. College**

## FROM THE DESK OF VICE PRINCIPAL

**“ONE CHILD, ONE TEACHER, ONE PEN AND ONE BOOK CAN CHANGE THE WHOLE WORLD”**

**– MALALA YOUSAFZAI**

*Dear Parents, Students and well-wishers of the M.G.M. family my prayerful greetings to all of you.*

First and foremost I would like to express my deep sentiments of gratitude to each one of you for constant support, love and concern towards the college which enables and encourages us to strive hard to carry forward the mission of spreading value-based knowledge to one and all.

In my opinion education is the vehicle of knowledge, self-preservation and success. Education not only gives us a platform to succeed, but also the knowledge of social conduct, strength, character and self respect. The greatest gift education gives us is the knowledge of unconditional love and a set of values. We are incomplete without a good education because education makes us right thinker and correct decision maker. In such a competitive world education has become a necessity for all human beings.

With this in mind, we the St. Thomas society have started M.G.M. College for imparting quality education, introducing value-based education in order to develop personality and earn recognition and respect in the family and society.

I am proud of this institution which has aimed to carry forward its mission of spreading knowledge to many. It holds high the banner of integrity, nationhood, secularism and unity setting an example of selfless service.

Thanking each and every one of you for constantly supporting in bringing out this first issue of College Magazine ‘Gregorian’.

Jai Hind.

## DIOCESAN EDUCATION OFFICER

*Let us praise and thank God Almighty for enabling Mar Gregorios Memorial (MGM) College, Dimapur to successfully complete its first year of service.*

*At MGM we strive to make education relevant, meaningful and interesting so that our students are ready to meet the challenges of an ever changing global environment. We ensure that the inherent exuberance of our students is nurtured, nourished and made to bloom with a touch of modernity and tradition to create a cohesive, healthy and congenial ambience for teaching-learning. In short we want to make 'Education a Celebration' and not a burden for the students or a dreaded drudgery which one is compelled to undergo. I trust that MGM College, Dimapur shall continue to be a place for celebrating education and a place that helps students to be global citizens who rise above the narrow divides on the basis of creed, culture, language, caste and even nationality and cherish the values of humanity. Best wishes to MGM Dimapur family!*

## MESSAGE

*It gives me immense pleasure in writing the message for MGM College Annual Magazine 'Gregorian'. There are very few colleges in Nagaland which has taken a proper take off in its academic world and MGM College is one such institute which has started its ever ending academic journey. The priority of the college primarily rest on discipline coupled with quality education would make MGM a great place to learn and also to chase one's academic dreams.*

*MGM has a glorious presence in Nagland with more than 3 decades of academic experience in Nagaland through their MGM school and this college is one of its latest institute added in its protfolio and more in the pipeline in due course of its journey.*

*With clear objective and stated mission, the college could visualize the institute's ever ending role in building a good society and its development and I strongly believe that, their dream would be fulfilled always.*

*I wish the Gregorians all the very best for its future endeavours.*

## STUDENTS REPRESENTATIVE'S MESSAGE

On behalf of all the students, I would like to say that we are very privileged to be a part of the Gregorian family. We are more than just happy to get an opportunity to study under the guidance of highly qualified mentors and teachers. MGM has provided a platform to learn both mentally and physically. The educational environment is open to grow and learn. It has build our foundation and helped us learn our individual self first and encouraging us to find our interest and needs. It is a wonderful opportunity to grow together and stand in unity while we strive for higher grounds.

## DEPARTMENTAL REPORT

### ECONOMICS:

The Department of Economics at the M.G.M College is a well knit community of committed teaching faculty and a very vibrant group of students. The Economics undergraduate programme provides a strong foundation in Economic theory and Economic analysis. The department makes a constant effort to shape the discipline in a way that is both systematically thorough and socially relevant. Besides class room activities, the department nurtures the teaching learning process by organizing presentations which motivates the students to grow both at academic and personal level.

The department currently has two faculties Dr. Kavika K. Yepthomi and Ms. Enanylou. Since the college is yet to offer Honours in Economics, the students taking Economics as one of their optional paper is eight- five boys and three girls.

**Dr. Kavika K. Yepthomi**  
**Asstt. Prof.**

### EDUCATION:

The Department of Education since its inception has two faculty members, five honours students, thirty- five general students as its strength for the first batch .The Department is in the process of welcoming one more faculty in its family.

The Department is in constant process of development through various class activities apart from regular classes, class tests, assignments, examinations etc. for the all-round development of the students.

As a part of curriculum, the following activities were conducted by the education department: class tests, assignments and class presentations on various topics were conducted. B.A. first semester honours students were given a practical knowledge on Micro-Teaching, teaching skills etc. The Department is also in the process of organising departmental quiz and other activities such as departmental tours .

**Mrs. Durga Malakar,**  
**Vice Principal**

## DEPARTMENTAL REPORT

### ENGLISH:

***“Literature is one of the most interesting and significant expression of humanity”***

***P.T. Barnum***

Literature play a determining factor in building the personality of a person. It is a vital channel of expression and communication. It is therefore imperative to the faculties of this department to equip all the students to possess effective interpersonal skills. With this aim in view, a variety of activity based methodologies have been applied in cognizance of its significance like group discussions, debates and mini debates to spark free conversation and to groom the students. Projects, presentations on chosen topics, assignments and class-room interactions were also held inside the class with the aim to give the students adequate language practice.

Different reading intervention programmes are also implemented to enhance reading and comprehension. Reading-aloud, silent reading, repeated readings were the strategies followed to strengthen those skills. Pre-Test and Post Test along with intensive review classes were also conducted to test comprehension.

The English Department have also organised literary events from 24th to 27th of October 2017 with the aim of enhancing the talents and hidden potential in each individual outside the four walls of their classroom. Many activities were conducted which candidly reflected on their talents and activity like solo, group songs and dance competitions. To foster love for literature, debates and story writing competitions were also held.

For the upcoming semester other activities will also be introduced to enhance learning like role play, skits and exchange classes for the students aside from the usual assignments, presentations, class tests and debates.

**Miss Diethonino Seyie**  
**Assistant Professor**

### HISTORY:

The Department of History successfully completed the 1st and 2nd Semester Course.

A very important development is, the Department is about to establish, “Historical Museum Department of History”.

This is a very important contribution taken up with the collaboration of the students taking History as General Paper.

The Department will also be initiating various students’ welfare programmes which are already in the Pipe-line.

**Dr. Joseph Lkr**  
**Assistant Professor**

## DEPARTMENTAL REPORT

### POLITICAL SCIENCE:

The department of Political Science focuses not only on academic excellence but also inculcation of a well formed understanding of the subject matter. At present, there are two faculty members and 19 students (11 boys, 8 girls) who have taken up political science as their honours subject. In addition there are 43 students who have chosen Political science as one of their optional papers. Apart from regular classes, students turned in assignments on different topics as a part of their coursework.

On a lighter note, the department of political science is pleased that Mr. and Miss Fresher 2017 are both students from the department. We are hoping for an even better performance from our students in academic and co-curricular activities in the days to come.

**Miss Meyilemla**  
**Assistant Professor**

### SOCIOLOGY:

The Department of sociology, MGM College comprises of 16 students with one faculty member. The department since its inception in the year 2017 has been vigorously enhancing the students with in-depth knowledge and skills not only in terms of the set academic course but also in shaping and moulding the personality and development of each individuals. Apart from the regular tests and evaluation programmes, the department has also conducted presentation with full participation from the students covering a wide range of present socio-economic problems faced by the Naga society. Faculties from department of Economics and History also participated in this programme as panelists.

Exchange programme was also conducted in the department in collaboration with Yemhi Memorial College.

The faculty member of the department also participated on a lecture organised by the Morung Express on the 16th of September 2017 on the topic “Embracing Tribal Identity: Overcoming Isms” which was presented by Niketu Iralu.

The department as such with its diverse aims and programmes focuses on inculcating group dynamics, human skills and employable skills to its students. It also aims to promote research habits amongst the students and updates on recent trends through different programmes and activities.

**Miss Washimongla Jamir**  
**Assistant Professor**

# DEPARTMENTAL REPORT

## EVANGELICAL UNION REPORT:

The Evangelical Union service was started at M.G.M. College on 24th January 2017 under the guidance of Dr. Joseph.

MGM college held its first EU service with full participation from all the students. The programme was initiated by Dr. Joseph (Founder) and Miss Naina Sharma (President). The first programme was successfully conducted and the students were immensely blessed. So far 5 (five) programmes have been conducted by the union. It is an opportunity on the part of the students when they get to learn both class room learning and spiritual learning.

**Dr. Joseph Lkr.**  
**Assistant Professor**

## LIBRARY:

***A university is just a group of buildings gathered around a library. – Shelby Foote.***

A robust dynamic library is vital to the academic life of the institution. The strength of an institution is mainly determined by its library. It is the foundation of an institution. Orientation of the library is given at the starting of the session. Circulation of the documents (i.e. issue and return) is available to the students and staff.

### **Collection Management**

No. of documents available in the library presently :	2000
Textbooks (title)	
Education : 255	Economics : 40
History : 80	English : 70
Political Science : 50	Sociology : 60

## POESY SECTION

### HOPE

Knows not to quit  
Rise above the risk

Hope dares to spread its wings  
In the eye of the storm

Hope gently sweep  
Steady and is unchanging  
Deep thoughts, keeps alive  
The promise!

Sees the invisible  
Feels the intangible  
Achieves the impossible!

Amkhao  
B.A 3rd Semester  
Education Hons

### YOU WILL SHINE AGAIN

*The sun will shine tomorrow  
The rain will somehow end  
This is not only a promise  
It's just the way it is!*

*Bad times don't last forever  
The tough times would never stay  
The heartache  
May soon go away.*

*In times of deep sadness  
The pain become too real  
This itself is hard to believe  
However with the passage of time, the heart  
will heal*

*The dark clouds that hang above  
Will eventually move on  
And the strong thef dance around  
Will soon be gone*

*Stay strong and keep in mind  
That again, the sun will shine.*

Anglem. L. Konyak  
B.A 3rd Semester

### Do you care?

Making promises for better to-  
morrow  
Winning hearts of many unknown  
Forgetting his words and lovely  
quotes  
Depriving innocent with his work  
Do you care?

Many a times you have stood  
For the voices that was dooped  
Searching for its root cause of  
unhappiness  
yet closed one's mouth with  
money selfishness  
Do you Care?

Limatula Jamir  
B.A, 3rd Semester  
English Hons.

## TACENDA- NOTE TO SELF

I watch you patch  
Pieces that seem to match  
And now you are brand new.  
The kind that is not true  
You walk into the crowd  
I know you are not proud  
Of the lies you spew  
Pseudo happiness you grew

In a parallel universe maybe  
Your secrets I'll unravel  
Why you grin so much, drink so much  
Talk so much and such  
Oblivious that past your façade I see  
Oh! I'll let you be strong  
In all the ways that are wrong

Hatpha Konyak  
B.A 3rd Semester  
Political Science Hons.

*A RAINY DAY IN HOSTEL DURING WINTER*

*The world seems quiet in a gloomy weather  
Sitting in the room staring outside the window  
Thinking of the long distance home  
Makes happy as well as sad  
Thoughts filled with full of  
sweet memories as well as sadness*

*Thinking of the past makes me  
happy as well as sad  
Thinking of the departed soul of families  
Thinking about the future creates  
oneself more worried*

*Never wanted to depart from the  
family in this very world  
Thinking of home makes me  
stay in peace and happiness*

***Idimchu Pame  
B.A 3rd Semester  
Political Science Hons.***

## WHY GOD MADE TEACHERS?

*When God created teachers  
He gave us special friends  
To help us understand his world  
He truly comprehend this fact  
The beauty and the wonders  
In everything we see  
Becoming a better person  
With this discovery*

*When God created teachers  
He gave us special guides  
To show us ways to grow  
So we all decide  
How to live and how to do  
What's right instead of wrong  
To lead us so that we can lead  
And learn how to be strong*

*Why God created teachers?  
In his wisdom and his grace  
Was to help us learn to make our world  
A better, wiser place*

**Mridulla**  
**B.A 3rd semester**  
**Education Hons.**

## SMILE

*Smile, though your heart maybe aching  
Smile, even though it's breaking  
When there are clouds in the sky  
You get by...*

*If you smile  
With your fear and sorrow  
Smile and maybe tomorrow  
You'll find that life is still worthwhile  
If you just...*

*Light up your face with gladness  
Hide every trace of sadness  
Although a tear maybe ever so near  
That's the time you must keep on trying  
Smile, what's the use of crying  
You'll find that life is still worthwhile  
If you just...*

Rachel Khenchung  
B.A 3rd semester  
Education Hons.

## HER SMILE

*In the days I was in despair,  
She'd still be standing near  
There is nothing we can't repair  
Put on a smile,  
It goes a mile.  
Just think of all the things you hold dear.  
Even when I would sometimes frown.  
She'd were her warm smile  
And even though I would feel dawn,  
In her caring effort,  
I did find comfort.  
I'd smile back, it only takes a while.  
Some days are tough & even life becomes tougher.  
Find the strength  
To go the length  
And miracle will happen, you'll see,  
Years went by, now she's old and frail,  
She has her smile yet.  
One of the things that never fail  
To help you cope  
When you lose hope  
In life unfair game, with renewed will.  
Things have now since changed, time passed by.  
She's still on my mind  
With a smile, telling me to try  
An ear to ear,  
" And all you fear  
Will all disappear without a sign"*

## I DREAM OF A WORLD OF PEACE

*(Adapted from Riken Shrestha)*

I dream of a world of Peace ,  
Where people may live a life of ease:  
A world where there is with no difference between the rich and poor.  
This life would be pleasant for living ever more.

I dream of a world of happiness.  
Where there is no sight of selfishness.  
Where each and everyone can get their needs  
And have belief in their deeds.

I dream of a world of kindness,  
Where people may know that, value of love is priceless.  
Where people could realize that, of earth we are all children.  
And to have this kind heart is better for all men.

I dream of a world of loving mates,  
Where people can realize all are great.  
Where people can know that in this earth ,  
With a kind hearted people must give birth.  
Thus in respect, i dream of a world of peace.  
Where people can live a life of ease!

## **FADED TO FOREVER MEMORY**

*Vanity! Neither wealth nor Love Mistake;  
 Came and blew, ever to be Memoir  
 Plundered all seasons of Life  
 In Hidden silence plotted away the Labor  
 Hex to spell in charm of Ashes  
 To a least Morning cup of tea  
 For Day long strength; dawning  
 Minutes to hours only to feel blossom of love back home;  
 Amidst hundreds yet devoted to 'one alone'  
 The journey began.  
 Day tune to night and month to years  
 Laughter in joy and choral lullaby  
 Every drive & ride Wheeled the 16 km up & down  
 Striking & igniting the rpm 220F- fond memories  
 Welcoming slumber summer and chilling winter  
 Stood the old 777cc followed this melody.  
 Ever for a living being- nurtured into being human  
 Laid the epitome of Jasmine- fawn Great Dane  
 Her beauty forever stood in between good & rough weather.  
 Could be to this fade Unknown? Drive pen to ink.  
 Reasoning an Unconditional potion;  
 Beautiful a mind, a heart & a smile  
 But to vow: Till Death to US Part powered by  
 So divine & forgiving came to rest.  
 Never doubted least reasonable  
 Being, a human being – one  
 Disgusted be the hunting ground  
 Just awaited to fading game nearing  
 Love to Dust of memories?  
 Gone are yester fertility and why so why?  
 Now mapped in enchanting melody of 60s  
 Beneath a wheeling hanger of history*

*Options to an ending resort whistles  
 There goes the dawn to an old cowboy  
 Riding dawn the meadow  
 Howling; the horse resides to its stable;  
 Too; just too much! The far cry resounds  
 Sickle to nurturing buds; awaiting its bloom  
 Agony why? So fickle comes that sickle cry  
 Plot & still plotting, but is Not; my Time.  
 A tiny full exhausted remnants- tooth  
 Forever decayed; meets its final expedition.  
 Yet fortunately not explore; how sad & painful  
 For the veil now cannot be hidden.  
 The ending became the much needed time.  
 But never; no never the white flag stands  
 For the Almighty knows destiny best to all  
 And to forever my right hand blessed in forgiveness  
 As I remember the lullaby of an old cowboy:  
 "Lord plan a Good for Me". If only the destitute  
 Hungriness of silences could have been broken.  
 The worst could have turn for the best.  
 Now, the book had ran judged by its cover.  
 So Good Bye! Farewell goes the echoes  
 Forgiveness it never answered; but remember the CROSS.  
 My ways are none yours; yours neither my THOUGHTS.  
 VANITY, vanity just vanity! GOOD BYE  
 MY Ever! MEMORY GOODBYE I, PINCH; A HEART  
 IF EVER U SEE THESE: Please Lord Give solace,  
 Peace, love and the right owner in this  
 short journey on Earth. You deserve  
 A better life my MEMORY!*

*Assistant Professor*

## THE STATUS OF ECONOMICS AS A SCIENCE: THE PRESENT SCENARIO

Economics as a science has not had a development during the past fifty years which is commensurate with the attention which has been given to it, as this interest expresses itself in the large number of educational institutions which give it a place in the curriculum, the large number of courses offered, and the remarkable increase in the number of students who pursue it as a subject of study in both the undergraduate and the graduate departments of these educational institutions. Nor do economists exercise an influence on public thinking and economic policies of the nation, as expressed in legislation and business conduct, which is proportionate to the numbers who are supposed to be trained in correct economic thinking.

Possible explanations for this condition may be: firstly, there has been a bizarre devotion to the so-called classical doctrines of Smith, Ricardo, Mill, Malthus, and other “founders” of the science. We seem to be willing to accept their analyses and be content with their conclusions, in spite of the fact that we all agree that economics is the science of wealth production and consumption, or the science of business. We further agree that the present industrial organization, its institutions and agencies and forms of wealth, differ to a great extent from those existing at the time the ‘founders’ wrote. In the second place, the advance of the science has been retarded by the influence of the historical school of economists. There is no disposition on the part of any well-informed economist to deny the service rendered to the science by the work of the historical school. But the doctrines of this school have frequently been accepted too seriously and their methods followed too closely. This has expressed itself both in graduate and in undergraduate work, but especially in the former, as a long-continued and most detailed investigation into the past economic history for facts which would explain the economic institutions of the present. It is a common error to assume that everything in the present has had its precursors in the past.

The most pressing single need of economics as a science is a careful inductive study and combination of present economic phenomena marshaling of the inherently correlated facts of particular phases of the subject, and the rational, necessary deductions which follow. Indeed, there is at hand a surplus of economic facts. We already have more facts than we can interpret. An introspective analysis and interpretation of these facts is needed. As teachers we are continually emphasizing to the student the importance of developing his analytical faculties, but strangely enough the student is rarely encouraged to learn how to generalize properly. Analysis must, of course, go before practical generalization, but economics, of all sciences, needs proper generalization. Economics, as it is pursued by many of its students, is too often like a ship without a home port, or a railway without a terminus.

## LIFE IS PRECIOUS

### **VALUE OF LIFE:**

Life is a very precious gift for every one. Each and every moment of our life brings an opportunity to act, to develop and to express ideas. Each moment opens the path to receive blessings and to learn many things. Life gives us positive as well as negative situations. We should respond accordingly, we should deal our problems in a positive way that our actions purify our soul. As our body is our temple, we should keep it healthy for our spirit. Those who take away their life make their spirit fall. They break their promise to the almighty. Likewise, those who continuously react negatively to every situation in life, put their health at risk. They do not understand the value of their life.

### **WHAT TO DO WHEN LIFE GETS TOUGH?**

When we hit the lowest point in our life, we should remember that it is the test of our strength. All we have to do is take a positive step to show that we have courage to overcome every situation in life and never give up. If we pass this test of our life, the circumstances around us would change.

Apart from everything, keep in mind that prayer is also an important aspect of our life. It helps us to deal with every situation and gives us inner strength to make right decisions/choices in our day to day life to resist temptations and nourishes the soul.

### **STAYING POSITIVE IN LIFE.**

Do not be of the view that you are to suffer. Instead always try to make your life as well as your near and dear one's life joyous and better. Do something right however small it might be, doing your work or helping someone who is in need. Set small targets for yourself and set time limits within which you need to achieve your goals. Be courageous about undertaking any activity. Taking the first step can remove all your fear. Find a reason to smile and to bring smiles in others faces even in a worst situation. Always try to be positive even in a negative situation that boosts your energy.

## CONDITION OF ROADS IN NAGALAND

*(Winner of Essay Competition at the College Literary Week)*

### **GOD NEVER SAYS 'NO'**

*As a human being, we have so many wishes from God and sometimes we think God never listen and hear our prayers and wishes. But God never said 'No'. Instead he used to say three things. Firstly, he says 'Yes' if it is good for us and if we need it. Secondly, he says 'Wait' because he knows that we will need it one day but not that day. And, lastly, he says 'It's not good' because he knows what we need and when do we need it.*

*So dear friends, let us not think that God never hears our prayers and never fulfill our wishes because he has a good purpose and plans for us all.*

**Keyirelile Hega**  
**B.A 3rd Semester**  
**Sociology Hons.**

Nagaland is a rich state filled with flora and fauna and is situated in North-East of India covering an area of 16,579 square kilometers. The roads leading to other nearby states are Manipur in the south, Assam in the west, Myanmar in the east, Arunachal Pradesh and part of Assam in the north. Nagaland is tropically located in the mountainous region. The state does have a good linkage of roads to other states that was developed during the British era.

Nagaland is linked with the National Highway in certain parts of Nagaland like NH 39 which ply's between Dimapur (Nagaland) to Imphal (Manipur). The condition of the National Highway is totally pathetic yet it is on run for the commuters in great distress. The only best road in Nagaland is from Dimapur-Kohima which is 72 km length and takes 2 hours to reach from one destination to the other. There are places and roads where the passengers have to get down letting the vehicle pass the muddy and slippery road so that they are safe even if the vehicle falls into the slope of the hills, risking the life of the driver. The reason behind not getting the roads repaired is because of the wrong dealing with the contractors and not being strict to the work judgement of the contractors.

The day when the Government comes up with strict penalty rules for the contractors, will be the day we will see changes of the deplorable condition of the roads in Nagaland.

## QUIT TOBACCO YOUNG MATES

In the 21st century, we all know that anything in this world created by human beings are purposeful and beneficial. Tobacco products too began with the intention to be used for medicinal purpose. It is believed that tobacco was grown by the red Indians in America about 6000 B.C for religious and medicinal practices. Tobacco was believed to be a cure for all and was used to dress wounds, as well as a pain killer; chewing of tobacco was normally used to get relief from toothaches. Gradually, as time passed, people started consuming tobacco products unanimously without any hesitation. And now looking into the present scenario, one-third of death rate has been caused by misuse of tobacco. Tobacco products causes many health disorder like throat and oral cancer, kidney failure, lung cancer, liver cancer, etc., one of the major causes of tobacco is cancer. Tobacco smoke is made up of more than 7000 chemicals, including over 70 known to cause cancer. Some of these substances cause heart and lung disease. Tobacco smoke also contain monoxide and Nitro oxide. Doctors have known for years that smoking cause mostly lung cancer, where nearly 9 out of 10 lung cancer are caused by smoking of cigarettes, and more than 7000 people die due to passive smoking. Supplementing the above statements, we believe that our body is the temple of God. 1 Corinthians 10:12 says, “ You cannot drink the cup of the lord and the cup of demons”. So, children of God is the temple of Jesus Christ, but, we often forget and live life on our own destroying our precious life. We should be fully aware as Christians about what bible says about the intake of intoxicating things which are harmful for us. Refer to Ephesians 5:18 and 1 Corinthians 10:13 about what bible teaches you. He is waiting for us to repent and return to Him. What are you waiting for? Let us make it clear now either to be with God forever by choosing his side or to be in hell by choosing worldly pleasure which is deceitful and sinful. IT IS UPTO YOU AND THE DECISION YOU MAKE TODAY.

## Seminar notes dangers of addiction to social media

**Dimapur, July 9 (EMN):** A seminar that sought to impart education against addiction to Social Media, the Internet, and online games was conducted for college students of MGM at Midland in Dimapur.

The event was organized by a group called the Way2Kingdom Media ministry (W2K), a press release from the organisers of the event informed on Sunday. Students and teachers took part in the programme, the organisers stated.

The resource person for the seminar was Dilip Kujur, director of w2k, the updates stated. In his discourse, he said that the addiction to social media particularly social networking sites such as Facebook, Instagram, and online gaming. The addiction is 'destroying their academics greats, self-values, and relationships,' the press release quoted him as having stated during the seminar.

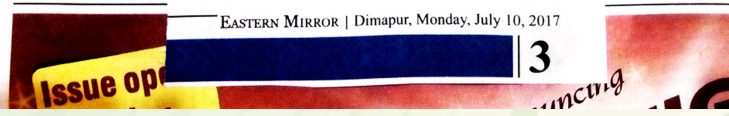

'There are different types of addictions. They range from the use of drugs and alcohol; smoking and other use of tobacco; addition to behaviours such as gambling and stealing,' the press release stated.

Further, there are other forms of addictions that are behavioural, the updates stated. Behavioural addictions are those not involving a substance, the press release explained.

'Students are addicted because they want to skip study, to kill time, and there are many youths in a competition to get more likes and comments,' the press release stated.

According to the press release, the 'daily overuse' of social networking sites tends to have a negative effect on the health of students. This is where peers, teachers, and parents need to play a major role 'by making the students aware of what they are missing out while spending too much time on these social media sites,' the press release stated.

The W2K is planning to reach out to other schools and colleges with the message, the press release stated.

SUNDAY 05-11-2017  
THE MORNING EXPRESS

THE MORNING EXPRESS

## 'Addiction to social media, internet & online games'

**Way2Kingdom Media Ministry conduct workshop-cum-seminar**

**DIMAPUR, JULY 9 (MEXN):** A workshop-cum-seminar on 'addiction to social media, internet & online games' was organized by Way2Kingdom Media Ministry (W2K) for the students of MGM College, Dimapur on July 7.

A total of 53 students along with teachers participated in the seminar where Dilip Kujur, Director of W2K was the resource person. Dilip emphasized on addiction to Facebook, Instagram and online games, how these addictions are destroying their academics, self-values and relationships, according to a press release.

Speaking on addiction, the resource person said that according to the dictionary it means "the state of being addicted to habit, as to the taking of drugs, etc." There are different types of addiction ranging from everyday use of drugs like alcohol, smoking, tobacco and cocaine to behaviors like gambling and stealing. "Behavioral addictions are those not involving a substance. This type of addiction can be an impulse control disorder here is the list of three stages of," he added.

"Students are addicted because they want to skip study, to kill time, and there are many youths in a competition to get more likes and comments," Dilip said while encouraging the students to be a transparent as you are also in the social sides, don't let their status and updates be a stumbling stone in their near future use it for a good cause. Dilip also encouraged the students as many of us are not aware of what we are doing, facebook and online games, ask the students to have the same desire and determination for studies and for their future career.

He also added that daily overuse of these social networking sites tends to have a negative effect on the health of all students as it makes them more susceptible to various health problems in the future. "This is where peers, teachers and parents need to play a major role by making the students aware of what they are missing out while spending too much time on these social media sites," awareness message.

It also informed that W2K is planning to reach out to every school and colleges with a 'social media awareness' message.

Dilip Kujur, Director of W2K (center) with others during the workshop-cum-seminar on 'addiction to social media, internet & online games' for MGM College students on July 7.

A cancer awareness programme was conducted at MGM College on May 19 with Dinish Kumar Bajpai from Caring Soul Foundation as the resource person. MGM College has conducted this program as part of St. Thomas Mission Society's awareness program.

MGM College students visited Bihilai steel plant as part of their industrial visit. Bihilai steel plant is one of the biggest steel plants in India commissioned in 1968. Students along with faculty members have seen the different processes of steel manufacturing methods.

## MGM COLLEGE & MGM HR SEC SCHOOL UNDER THE AEGIS OF ST. THOMAS MISSION SOCIETY (HOME/SRC-6028) & MOSES CHURCH, MIDLAND.

## COLLEGE INSPECTION 2018

An inspection team from the Nagaland University, visited M.G.M College on 15th may, 2018. The main purpose of the visit was for the renewal of affiliation of the college under Nagaland University. The members comprised of Dr. Rosemary, Dr. Limala and Dr. Tia Toshi. The team inspected the infrastructure and facilities at the campus especially the library and class rooms. Thereafter Principal, Fr. Shibu Varghese, Vice-Principal, Mrs. Durga Malakar and all the faculty members had an interactive session with the inspection team. They stressed on the importance of quality education for the students and orientation programme on refresher courses for the teachers to broaden their knowledge and polish their skills, as teachers. The programme ended with lunch followed by a short photo session.

## REPORT ON EDUCATIONAL TRIP

Joy of learning  
Experience Learning!!  
Educational Trip!!  
Amazing Learning!!  
Learning outside of classroom experiences!!  
Fun learning!!  
Exploring Ideas!!!

*M.G.M College Dimapur, planned out for an educational trip to Chhattisgarh Cum Kolkata*

It was a ten day exchange programme!!

The train journey started on 1st day was on Wednesday at 1:30 am. We reached Chhattisgarh (Bhilai power house) on 3rd November at 10:00 am. M.G.M Bhilai provided buses to pick us. We reached M.G.M campus. Boys and girls were given different dormitory. Girls were taken to St. Mary's girls hostel. It was a very clean and big hostel. Three people were given one room each. We washed up, dressed up and left for breakfast. We were served Idli. The very evening all the students dressed up in traditional attires and attended the programme. The programme started with procession and we also took part in it. Then this was followed by prayer songs by the priest and we presented our group song titled "we are the world".

Father Shibu Varghese was also awarded for upbringing toppers. The

programme ended by a prayer song and national anthem followed by dinner.

All the students proceeded to the dining table. We ate our dinner and then departed to our respective rooms.

We got up the next day, we dressed up and went to attend the church service. Then we had tasty and traditional lunch in banana leaves.

We then went to Raipur for the inauguration of M.G.M Model School. It was an enormous building more like a palace. We attended the programmes. Bishop and His Holiness made the place holy by burning incense and prayers unto the God. We had deserts and after the programme we went to the shopping mall. We went to KFC and had lots of chicken. It was so much fun. The city is very beautiful and eco friendly. We shopped out there and came back to the hostel, ate dinner and slept.

The third day we headed for the main thing that was Exchange programme. We reached St. Thomas College and then we were divided into two groups. We first attended personality class. We had a great time learning there. Then we attended phonetics class. It was great. This was followed by lunch in St. Mary's hostel. It was delicious. After the break we had combine English class. We learned about the history of English, authors and poems.

After this while returning back on the way we held at M.G.M School. It is very beautiful. We had a great time learning the behaviour of children there. Then we returned back to our hostel.

LAST DAY IN BHILAI!!

We visited Steel plant on the last day. When we reached there we were asked to put on helmets. It was quite unique. We went inside with the guide. It was an enormous building with big furnances. Also scary to look at. We also saw how the tracks were made. On the way back we also entered the engineering college. I love their way of education. With this we came to the end of Bhilai trip. We came with blessings from the bishop and packed biryanis. We took our train and reached Kolkata the other day. We went for shopping in the evening. We first visited St. Theresa's tomb. And then shopped a lot.

The other day we visited St. Paul's cathedral followed by Victoria memorial and metro finally. It was an amazing journey.

In the evening we were back to our train, reluctant to come to Dimapur after visiting the big cities. A very beautiful Journey, it was!

## BEAT PLASTIC POLLUTION

### Winner of Essay competition (World Environment Day)

In this world, there are many things which we have received as a gift from God. The environment is the precious one among all those. The environment is the thing that makes this world beautiful and helps human in several ways. It is our responsibility to keep this environment clean and best always. We should take care of it to have a healthy and safe life. For the awareness of protecting the environment there is a day people celebrate called World Environment Day on 5th June every year and it is celebrated across the world with a specific theme too.

The World Environment Day is celebrated to educate people and encourage them to contribute and take care of the environment, it is an initiation taken to bring a positive change in the condition of earth, the nature and its problem.

“Beat Plastic Pollution”, the theme for World Environment Day 2018, is a call to action for all of us to come together and combat one of the great environment challenges of our time. The theme of World Environment Day 2018 invites us all to consider how we can make changes in our everyday lives to reduce the heavy burden of plastic pollution on our natural places, our wildlife and our own health.

While Plastic has many valuable uses, we have become very reliant on single use of disposable plastic. Around the world 1 million plastic drinking bottles are purchased every minute. Every year we use up to 5 trillion disposable plastic bag. In total, 50 percent of the plastic we use is single use. Nearly one third of the plastic packaging we use escapes collection systems, which means that it end up changing our city street and polluting our natural environment. This year’s World Environment Day provides an opportunity for each of us to embrace the many ways that we can help to combat plastic pollution around the world. And you don’t have to wait until 5 June to act. There are so many things we can do from asking the restaurants to stop using plastic straws and pressuring your local authorities to improve how they manage your city’s waste. Some of the specific ideas are bringing your own shopping bags to the Supermarket, pressure food suppliers to use non-plastic packaging, refuse plastic cutlery etc.

The idea of Environment Day is to create a more beautiful and efficient World for us and the future to live. It is a strategized technique to involve each and every one living in the folds of nature to protect his/her surroundings. We should include in the celebration and take pledge to save our environment for better future. We have one planet to live on, it is our home and only we are responsible to main its natural beauty forever.
